

ECE495M – MOBILE COMMUNICATIONS PROJECTS

HOW TO RETURN THE HARDWARE:

The hardware must be returned in its original box.

If you have a Jornada 720 or a Jornada 568, please remove the main battery and the backup battery, and keep them in a safe place inside the original box.

If you have a Jornada 568, protect the compact flash card slot with the little cover it came with.

Do not store the compact flash memory card, nor the wireless card in the Jornada's box.

Please, check that nothing is missing when you return the equipment:

- The Jornada 720 must be returned in its original box, along with the following:
 - sync cable
 - AC adapter and power cable
 - telephone cord + small square adapter
 - docking cradle
 - main battery and backup battery
